Sir,

1) Adverting to Notification No.L.10522/V.P. 63-43-6 dated the 10th April 1944 appointing me as President of the Hindustan Aircraft Sanitary Board, I have the honour to state that my time is fully occupied with important matters entrusted to me as Commissioner of Economic Development and Planning including Postwar Reconstruction and this gives me hardly any time to devote to the work of the Sanitary Board without prejudice to my other work. It is in recognition of this fact that Government have recently relieved me of the duties of Special Officer, Sri Jayachamarajendra Occupational Institute (G.O. No.2566-67 /C.B. 143-44-2 dated 9th January 1945). As the work of the Sanitary Board is also important and requires more attention than I can afford to pay, I request that either the Deputy Commissioner, Bangalore District, or the Sub-Division Officer, Bangalore, may be appointed President of the Sanitary Board as in the case of other similar Local Bodies and relieve me of the office of the President, Hindustan Aircraft Sanitary Board.

I have the honour to be,
Sir,
Your most obedient servant,

Commissioner
Development & Planning.

Sanitary Board, having regard to the multifarious duties entrusted to him especially during the War period. Further, in view of the stating of the other first Officers on the Board, viz the Sanitary Engineer & the Health Officer & the Two Representatives of the Aircraft Factory, it would be desirable to appoint as President of the Board an Officer with a higher standing than the Sub-Division Officer, Bangalore It is a point for consideration whether the Govt Director of the Directorate of the Factory may not be appointed as the President of the Sanitary Board. It is for orders if the Revenue Commissioner may be consulted unofficially in the matter, as suggested by the D.C. - Refer Para 9 Letter

Bangalore
19th Feby 1945.

Dear Sir,

With reference to your letter No L 8033 dated 13th Feb. 45 asking for my opinion whether the Sub Division Officer, Bangalore may be appointed as President of the Hindustan Air-craft Sanitary Board consequent on the appointment and transfer of Mr.P.H.Krishna Rao as Deputy Controller of Civil Supplies, Government of India, I write to say that there is no objection to his being appointed as President of the Board, he being given the powers of the President of the Town Municipal Council and all correspondence to Government being made to pass through the Deputy Commissioner. The Amildar, Bangalore South may be appointed as Ex-Off-icio member and the Vice-President of the Board.

In this connection, I may say that in addition to his being the Vice-President of the Sanitary Board already and the Revenue Sub Division Officer in charge of two important Head-quarter Taluks - Bangalore North and South - he is also the Civil Officer, Bangalore having lot of work connected with the military camps in and around Bangalore in settling claims for 1) compensation due to several military vehicle accident, 2) ground-rent and crop compensation for lands occupied, 3) damages caused to property and persons during Field Firing practice and other military exercises and 4) settlement of claims for Field Firing Evacuation charges, finding housing accomodation for the military personnel and attending to various other enquiries. In addition to this, he is appointed as Ex-officio Magistrate of the First Class to try cases arising out of the area comprised in the military camps and he has to attend the court at Jalahalli almost three or four days every week. This is apart from his normal Revenue work and other items of work connected with

connected with the present Food Supply operations. It could be seen from the above that his hands are already full with work and it is a point for consideration whether in addition to the above duties it would be possible for thr Sub Division Officer, to attend to the President's duties of the Sanitary Board area which is growing in importance on account of its proximity to the city and the activities of the Air-craft Factory.

Since much of the time of the Sub Division Officer is taken up in attending to the work connected with the military and since the Revenue Commissipner who is the Chief Civil Representative for the State is responsible for these matters, I would suggest your consulting the Revenue Commissioner if deemed proper, before orders of Government are obtained in the matter of entrusting the duties of the President of the Sanitary Board to the Sub Division Officer.

Yours sincerely,
